DCI/IC 78-5111

CLC #78-30867

IC

MEMORANDUM FOR: Fredrick P. Hitz
Legislative Counsel

FROM:

 Deputy to the DCI for Resource Management

25

SUBJECT: Transmitting NITs to SSCI and HPSCI
Chairmen (U)

1. (S) Until we know more about how the NITs are going to be applied, I believe the DCI should at this time limit himself to sending the chairmen a copy and be prepared to respond to questions. I am attaching a revised copy of the memorandum to the DCI and the letter to the chairmen to reflect my views.

2. (S) I have added a sentence to cover the impact of the NITs on resource management. The product evaluation process is but one application of the NITs. It should not be singled out,--especially at this stage--at the expense of the others.
